

GERMANS FLEE FROM KHARKOV

SALERNO RAIL YARDS RUINED IN BOMB RAID

Bombers Keep Up Attacks To Knock Out Transportation in Italy.

CHINESE FOREIGN MINISTER ARRIVES. T. V. Soong (left), Chinese foreign minister, is greeted by Canadian Prime Minister Mackenzie King as he arrived in Quebec for Allied war conferences.

War Summary

109 Planes Downed

In the heavy air fighting of the past four days, 109 enemy planes have been downed, it was announced officially. The Marauder squadrons in Sunday raids destroyed 28, topping the 22 shot down by these bombers Saturday.

BATTLE OF ITALY—American warplanes virtually destroy Italian rail center at Salerno, shoot down 28 axis aircraft, big-scale allied raids devastate rail network in Naples area, set stage for isolation of southern Italy. Italian newspapers for first time openly admit German pressure blocks Italy's withdrawal from war; Swiss reports say German troops flooding into Italy through Brenner pass.

EUROPEAN AIR WAR—RAF bombers return to assault on Germany, pound chemical works at Leverkusen near Cologne; German radio says raiders also hit Dueseldorf in Rhineland.

KISKA—New blows in Pacific hinted, military leaders agree bloodless conquest of Kiska puts allies on shortest route to Tokyo; Gen. DeWitt says "the Jap navy is in hiding, dispersed."

QUEBEC—Roosevelt-Churchill war council meets end; experts forecast allied campaign to bomb Japanese lifelines in China sea and Japanese mainland itself.

NEW GUINEA—Allied siege guns blast Salamaua from newly-won ridges, fall of big Japanese air base believed within sight; enemy troops withdrawn deeper inside last circle of defenses.

OVER 1,200 ATTEND AIR SHOW OF CAP

17-Year-Olds Apply for Reserve Enlistments.

Between 1,200 and 1,500 persons attended the air show at the municipal airport yesterday afternoon. Lt. W. R. Reichenstein, executive officer of the Civil Air Patrol, reported today. Around a dozen applicants were received from 17-year-old youths for enlistment in the Reserve of the Army Air Force.

Curtin's Party Wins Victory in Australia

MELBOURNE, Aug. 23—Prime Minister John Curtin's government will face the 17th Australian parliament to be convened in late September with a working majority of about 30 votes in the house of representatives as the result of elections Saturday which recorded an unprecedented landslide in favor of his Labor party.

NEW BLOWS AT JAPS HINTED FROM QUEBEC

Sec. Knox Reaches Parley Scene Shortly After China's Foreign Minister Arrives.

QUEBEC, Aug. 23—The arrival of Secretary of the Navy Knox and an announcement that Sir William Glasgow, Australian high commissioner in Canada, would follow indicated today that the Quebec war conference was aiming hefty new blows at Japan. There was good reason to believe that the allied high command might have decided to mass sufficient bomber strength in eastern China to play havoc with its enemy lifelines in the China sea and blast the Japanese mainland itself.

Knox came in from Washington by plane late this morning and was to dine with President Roosevelt and Prime Minister Churchill of Britain tonight. The Australian high commissioner was on the way by train from Ottawa.

T. V. Soong, Chinese foreign minister, who flew up from Washington yesterday, went to Quebec's massive old citadel in the forenoon for conferences with the President lasting through lunch.

While Churchill and Prime Minister W. L. Mackenzie King of Canada arranged a mid-day drive through the street of Quebec, with a stop at city hall so the people could see them, Mr. Roosevelt was hoping to find time to get in more ticks on the address he will make in Ottawa Wednesday.

His speech is expected to stress friendly Canadian-American relations and touch on the conference here only in the most general way.

Soong flew in from Washington late yesterday, at the request of President Roosevelt. Presidential Secretary Stephen Early emphasized that his discussions with the Chief Executive and Prime Minister Churchill of Britain "will have to do with the plan for the war on Japan."

Pure logic, and these additional facts, also weighed in favor of an agreement to wreck the enemy supply route in the China sea and give Japan a sample of the destruction already heaped on ports and industrial cities of Germany:

1. President Roosevelt has proclaimed publicly the determination of the allies to send up aerial armadas from China to scourge the Japanese.

2. China is known to have asked that the bomber force now operating in her eastern zone be increased perhaps 10 times for exactly that purpose.

3. A resurvey of air transport facilities operating out of India is said to have shown it would be possible to supply and service

SOLDIER IS SLAIN ATTENDING CHURCH

SAN FRANCISCO, Calif., Aug. 23—The crack of a pistol shot punctuated the close of Father Lokis' sermon of the mass yesterday at the Greek Orthodox Church of the Annunciation.

The startled priest looked toward the back of the church in time to see a soldier slump to the floor. A man with a gun jumped across the soldier's body, ran down the aisle and out of sight.

Some men in the congregation carried the mortally wounded man from the church. Father Lokis stepped aside as assistant priests ended the service with an unhurried ritual.

Enroute to a hospital in an ambulance, the soldier, Pvt. Edward P. Daphne, 27, died, a bullet in his brain.

The man who ran out of the church gun in hand was Peter Raptopoulos, 52, said Police Inspector Harry Husted.

Allied Guns Turned on Jap Base at Salamaua, Fall Near

U. S. Military Chiefs Agree Foe Is on Run in Pacific As Kiska Falls Without a Fight.

By The Associated Press

Allied siege guns blasted the Japanese stronghold at Salamaua in New Guinea today as enemy troops retreated deeper into their last circle of defenses, and dispatches from Gen. Douglas MacArthur's headquarters said the fall of the big air base appeared almost within sight.

From newly captured ridge positions, American and Australian gunners turned their fire on the enemy at a range of only two miles, and Allied troops moved up all along the semi-circular front.

Meanwhile, United Nations military chiefs agreed that the bloodless conquest of Kiska, in the Aleutians, had placed the Allies on the shortest route to Tokyo.

"The Jap is on the run," said Lieut. Gen. John L. DeWitt, commander of the western defense command.

"The Jap navy is in hiding, dispersed. The reconquest of Kiska has cleared our shortest highway to the Japanese empire."

Similar expressions broadly hinting that the Allies may be poised to strike heavy blows against Japan came from Vice Admiral Thomas C. Kinkaid, commander in the North Pacific, and Maj. Gen. William O. Butler, commander of the Eleventh Army air force.

"We have completed our northern road to Japan," Admiral Kinkaid said.

Surface Vessels Protected

"Our chain of air and naval bases will protect our surface vessels and shipping units two-thirds of the way to Tokyo."

Gen. Butler declared the way was now open for operation of a multiple-jawed pincer closing on the enemy in the Pacific.

DeWitt expressed the belief the Japanese completed their withdrawal on Aug. 8, escaping in submarines or barges, and added that he thought it doubtful many ever reached land.

The American task force landing on Kiska Aug. 15 found the enemy had fled and took undisputed possession.

Kinkaid said U. S. surface craft shelled "objets" in the fog at night "after the Japanese began their evacuation of Kiska," and added that "we believe we sank some of their ships, but this cannot be confirmed."

This was the first indication that the Japanese may have been attacked in their flight—a flight which marked the first time they had abandoned the Samarai ward-line and failed to stand their ground to the death.

No Easy Task

Capture of the Salamaua airfield probably will not come without a bitter and perhaps costly battle. In the six months it has been apparent that Allied strategy demands its possession, the Japanese have had time to fortify it with the same thoroughness.

He is one of six men still actively affiliated with the company who have maintained a connection with the firm for more than 50 years. The others and their length of employment are: John W. Klehm, 55, Otto Elling, 54, Otto Hittenrauch, 52, Leo Hare, 51, and John T. Cusie, 50.

These six men along with five others who retired in the last year after more than 50 years service with the company were given special recognition in a brief program at the dinner. The retired employees and the length of their affiliations are: Thomas M. Grath, Henry Pries and Charles Wiestler, each 53, and John Wiestler and Louis Thompson, each 51.

MINERS MAKE WAGE OFFER

Kennedy Proposes Settlement of Anthracite Workers with \$1.30 a Day Raise.

By The Associated Press

WASHINGTON, Aug. 23—Thomas Kennedy, chief spokesman for the United Mine Workers of America, told his former colleagues on the war labor board (WLB) today that an increase of \$1.30 a day for anthracite miners is fully justified and necessary to retain manpower.

Appearing before the board he quit last spring in disagreement with its policies, Kennedy said that "in an effort to effect a compromise basis upon which an agreement could be written the mine workers offered to settle for an 'overall' figure of \$1.30 per day, or \$1 per day 'net'."

"By this offer we mean payment of \$1 per day to each employee, with the tools, lamp, safety equipment, smelter, vacation, and so forth, to be added free of charge by the operator."

Kennedy was introduced by John L. Lewis, president of the UMW, who continued himself to representing his side as the union's man most familiar with the problems at issue through "association with the anthracite industry for a lifetime."

Originally the UMW's demands included partial to total pay. Kennedy said the operators had offered an increase of 64 cents a day, 33 cents of which was due under the little steel formula and the rest divided among increased vacation payments, lamp, safety equipment, tools and blacksmithing.

Kennedy said the anthracite working force is estimated at 7,000 men, compared with about 157,000 in the last war.

The operators in a formal statement to the board argued that the anthracite industry "is different from the bituminous industry in many essential particulars and its problems cannot fairly be considered except as separate and distinct from the problems of bituminous."

The operators contended that the mine workers' demands "in their entirety" involve an average increase of more than \$3.25 in the daily wage and an increase of \$2.20 a ton in production costs.

LAWYERS SAY FORCE ONLY WAY TO KEEP PEACE

But They Doubt Nations Will Surrender Power.

By The Associated Press

CHICAGO, Aug. 23—George Maurice Morris, president of the American Bar Association, said today lawyers apparently agree that one military force, under a single command, is necessary to keep world peace and order, but power to make such a system he declared the question is whether nations would surrender enough work.

In an address prepared for the opening session of bar associations convention here, Morris asserted it seems to be accepted among lawyers "that we shall not be able to do away with war until military force becomes the instrument of law (just as a local police force is the arm of the law) rather than the instrument of sovereignty."

"The lawyers point out, however, that if we are to reduce military power to serve the uses of the law only, the abolition of all but one military force, under a single command, is necessary."

NAZIS GIVE UP KEY BASE IN QUICK RETREAT

German Radio Reports City Left a Mass of Ruins by Withdrawing Forces.

By The Associated Press

LONDON, Aug. 23—The Germans admitted today the loss of Kharkov, their greatest position in all the south of Russia, in what appeared to be a general retreat.

The fall of the city was presented by DNB, German news agency, as an evacuation in which Russian pressure had no part. In a broadcast announcing withdrawal from the base, DNB said Kharkov was no longer a "valuable center of traffic and supply" and declared all important installations had been destroyed by the Nazis before they pulled out.

Kharkov, the great industrial center in the Ukraine, was last recaptured by the Russians in February and lost by them again in March.

Russia broadcast and reports from the Germans themselves indicated violent fighting west of the city now rising toward perhaps some tenuous conclusions.

Hard Pressed for Men

The Russians have declared that German commanders were so hard pressed they were throwing new formations into the battle line at the moment of their arrival and without rest.

The Soviet war bulletin said the Red army also had pushed forward at Spas, Demenok and Bryansk in the north as well as in the Donets basin, killing 9,500 Nazis, smashing 187 tanks and destroying 53 planes in aerial combat or by anti-aircraft fire.

The heavy German losses announced by the Russians in fighting during the last two days served to point up Saturday night's special communiques which announced that at least 1,000,000 Nazis have been killed or wounded in fighting on the Russian front since July 5.

The special communiques added that in addition to the huge casualties they had inflicted the Russians had captured 25,600 Nazi troops and huge stocks of war materials.

The big steel master of Kharkov, heart of a brilliant system of hedging defenses, served the Germans as their mightiest base in all southern Russia and was the springboard of the German 1942 summer offensive that swept to the gates of Stalingrad.

Indicates General Retreat

Berlin's acknowledgment that German lines were being "considerably shortened" indicated a general retreat toward the Dnieper, perhaps involving the abandonment of Bryansk and Simferopol.

The German high command acknowledged the loss of Kharkov in a broadcast for domestic consumption, but asserted that the city "today is only a heap of ruins" and that it was evacuated "in the course of planned detaching movements."

Previously, Belgorod and Orel had fallen to the triumphant Red armies.

DNB, the official German news agency, gave this account of the withdrawal:

"In the course of last night the troops have evacuated Kharkov after having destroyed all vital installations in the town and without being pressed by the enemy."

It was the fourth time the city, Russia's third largest and known as the "Soviet Pittsburgh," had changed hands. Twice the Germans had seized it, and twice the Russians have stormed back to regain it.

(Turn to KISKA, Page 15)

KISKA MAY HOLD JAP STRAGGLERS

By The Associated Press

KISKA HARBOR, Aug. 22—There is a remote possibility that a few Japanese suicide squads, or a few stragglers who missed the last boats off Kiska, may appear somewhere on this Aleutian island and try to win glory by killing as many United States and Canadian troops as possible before they die.

No one is yet ready to discount this possibility entirely. Increasingly thorough investigations are being made of the island's high rocks and numerous dank caves in which the Japanese spent their air raid hours and in which they might now be covering while our occupation troops tramp over their heads.

However, if this happened, it wouldn't affect the main fact, which is that we have Kiska and in a week's time have thoroughly investigated and searched every spot of any size that it is in no more danger than any other Aleutian garrison.

Moscow—Main Prize—Secure for 1942

CHAPTER NINETEEN
THE German army, which had maintained positions as far advanced as would be practical, as jumping-off point for a spring offensive against Moscow, which remained their major goal. The Russian army was to drive the Germans out of the city as far as possible to leave greater room for the spring offensive. The Red army did not go far, however, and the Germans remained in the city.

I had a chance to see one of the main prizes of the battle for Moscow. The prize was played along the twelve rounded miles of the city from the Black Sea to the Baltic Sea.

Boys Return From Ohio Bicycle Tour

Paul Edward Moler, 16, and his brother, Willis Cole Moler, 19, returned to Marion Saturday afternoon from a six-day bicycle trip which took them through south-central Ohio.

The two brothers, sons of Mr. and Mrs. Theodore Moler, left last Sunday for Coshocton, the first leg on their well-over-300 mile cycling tour. From Coshocton they cycled to Athens, then to Lancaster and finally returned to Marion. They visited relatives in all three cities.

They told their parents the journey to Coshocton took about 12 hours while the home-bound trip from Lancaster took approximately seven hours.

The two boys are not green hands at long cycling tours. In three years ago they made a round trip to Chillicothe via the same bicycles.

GETS COMMISSION

UPPER SANDUSKY—John A. Weininger, son of Mr. and Mrs. Roscoe Weininger of northwest of Upper Sandusky, has completed his training for naval aviation pilot and received his wings at graduation from Pensacola Flying Field, Fla., last Friday. His pre-flight training was given at Athens, Ga., and his basic training at Dallas, Texas. The last step in his progress was at Pensacola, Fla.

John, he outlined the situation. Volokhamsk, he said, was about to fall. When we returned to Moscow later, we learned from the communiques that, as he spoke, it had actually fallen.

THE indications were that the Germans were preparing successive lines of defense, based on Gzhatsk, Viazma and Smolensk. As the rival forces came back into balance and winter began to have its full effect on the Russian counter-offensive the Moscow front became stabilized. The Germans lost part of their first line around Mohajsk, but succeeded in holding Gzhatsk. That spearhead proved too narrow to be thrust against Moscow in the next year's campaign. Farther north the Russians held a deep salient from the Kalinin front through Toropetz. That proved a sharp thorn in the German side throughout the next year.

The Red army made one more major winter move from the northwest front against Staraya Russa. It began with all the dashing success of the drives farther south. The German sixteenth army was surrounded in mid-February. The move ended in failure. For the German command adopted the tactics it was to employ later at Stalingrad of leaving encircled forces in their advanced positions, and supplying them by air, and hoping to use them to lead subsequent operations. The sixteenth army suffered, but held its ground and eventually was relieved.

The announcement of that encirclement, incidentally, was later recognized to have been a mistake.

As the winter grew old and the communiques less communicative, the Russian people looked forward eagerly to February 23, the twenty-fourth anniversary of creation of the Red army, for an announcement of great new victories which they believed were being forged on the front. They heard on that day an order by Stalin, as commissar of defense, warning that the enemy was still strong. The communiques of that day announced only the occupation of Dorogobuzh, an advance southwest of Viazma which did not succeed in cutting off that German stronghold.

General Winter, from then on, had supreme command of the battlefields.

When To Salute --- And How!

By CORP. TRUDY WHITMAN

By the time they moved us over to our new quarters, we had got to know each other a little and like each other a lot. Our top sergeant had warned us: "Don't make deep friendships in the Army. You'll never be with the same group of people for any length of time and each parting will be painful."

When our entire company was assembled for the first time and we stood in formation, separated from our friends by unnumbered rows, I felt a sudden, individual, but not a group, sense of loss. Our new commanding officer greeted and welcomed us. Her words cut right through our de-

concepts as to the value of friendship. When I thought of the friends I had left behind, the salute seemed to come with a new meaning. I felt that I was saluting not only my friends but also the future. I felt that I was saluting the future of my country.

When to salute is something else again. At the moment we are marching, we must not salute. It is never correct to not salute an officer. Girls saluting the area have been known to drop everything and let their scrap collections scatter to the four winds as they sight an officer and wheel into the rookie version of a snappy salute. Many of us are learning the hard way.

Marion Flier in War Casualty List

The name of Lt. Richard P. Sherrer, son of Harold D. Sherrer of 225 East Farming Street, was included in a list of men reported as missing in action in the European area in a war department announcement today, the Associated Press reported.

Details of his being reported missing were published by The Star Aug. 6, when his father, deputy collector of internal revenue, received word from the adjutant general's office in Washington, D. C., that Lt. Sherrer had been missing in action in the European area since July 29.

Lt. Sherrer was a navigator aboard one of the nation's largest types of planes.

Rush Relief To Sufferers From Rheumatism Pain

Thousands of sufferers from the torturing pains due to rheumatism, sciatica, lumbago, neuralgia and neuritis are mighty happy over the discovery of NORITO. Now they have found a quick-acting formula which speeds relief from those exhausting muscular aches and pains. NORITO is trustworthy and dependable—really works fast. If you want to feel again the joy of relief from pain—so you can work in peace and sleep in comfort—be wise and try NORITO under this ironclad guarantee. If the very first three doses do not relieve that cruel pain to your satisfaction—your money will be refunded. Don't suffer. See your druggist today and get NORITO on this guarantee.

DAUGHTER OF PLANT FOUNDER STRICKEN

Around About Marion

There's Something of Interest in Every Line

Mrs. Harriett Liggett, Former Gallion Woman, Dies.

Mrs. Harriett M. Liggett, 74, a former resident of Gallion, Ohio, died at 3:30 p. m. Friday at City hospital. She was born in Gallion, Ohio, and had been a resident of Marion for many years. She was the daughter of Mr. and Mrs. John M. Liggett, and was the wife of Mr. W. H. Liggett. She was a member of the Methodist church and was a devoted mother and wife. She is survived by her husband, Mr. W. H. Liggett, and two sons, Mr. and Mrs. J. M. Liggett, and Mr. and Mrs. J. M. Liggett. She was buried in the Marion cemetery.

BIRTHS

A son, Henry Eugene, was born Friday morning at City hospital to Cpl. and Mrs. Henry Keller of Wade Ours road near Marion. Cpl. Keller is stationed somewhere in the Pacific area. It was incorrectly stated in a previous report that Mr. and Mrs. George Keller were the parents.

A son was born to Mr. and Mrs. Theodore Fitch of 774 Nelson street in City hospital Saturday night.

A daughter was born last night in City hospital to Mr. and Mrs. Robert Klatt of 342 South State street.

A daughter was born this morning in City hospital to Mr. and Mrs. Forest D. Motters of the Lincoln Trailer Camp.

FINED \$15

A message for you...from 1953

(Today, John Jones is just an average American, wrestling with all the doubts and worries and problems that beset every one of us right now. But let's skip ahead 10 years. Let's look at John Jones then—and listen to him . . .)

"SOMETIMES I feel so good it almost scares me.

"This house—I wouldn't swap a shingle off its roof for any other house on earth. This little valley, with the pond down in the hollow at the back, is the spot I like best in all the world.

"And they're mine. I own 'em.

Nobody can take 'em away from me.

"I've got a little money coming in, regularly. Not much—but enough. And I tell you, when you can go to bed every night with nothing on your mind except the fun you're going to have tomorrow—that's as near Heaven as a man gets on this earth!

"It wasn't always so.

"Back in '43—that was our second year of war, when we were really getting into it—I needed cash. Taxes were tough, and then Ellen got sick. Like most everybody else, I was buying War Bonds through the Payroll Plan—and I figured on cashing some of them in. But sick as she was, it was Ellen who talked me out of it.

"Don't do it, John!" she said. "Please don't! For the first time in our lives, we're really saving money. It's wonderful to know that every single payday we have more money put aside! John, if we can only keep up this saving, think what it can mean! Maybe someday you won't have to work. Maybe

we can own a home. And oh, how good it would feel to know that we need never worry about money when we're old!"

"Well, even after she got better, I stayed away from the weekly poker game—quit dropping a little cash at the hot spots now and then—gave up some of the things a man feels he has a right to. We made clothes do—cut out fancy foods. We didn't have as much fun for awhile but we paid our taxes and the doctor and—we didn't touch the War Bonds.

"We didn't touch the War Bonds then, or any other time. And I know this: The world wouldn't be such a swell place today if we had!"

Democrats Want Late Convention Next Year;
Roosevelt, Byrnes Likely Nominees.

By PAUL MALLON

WASHINGTON, Aug. 23—The date of Republican convention for nominating a presidential candidate is being postponed until after the election of the new House of Representatives in November.

The conference, they say, is likely to follow the lines of the Vandenberg-White resolution expressing the party's opposition to the Wheeler bill.

The Vandenberg-White resolution, which was adopted by the party at its annual convention in 1936, is a statement of opposition to the Wheeler bill.

The Vandenberg-White resolution, which was adopted by the party at its annual convention in 1936, is a statement of opposition to the Wheeler bill.

No trouble will be encountered in getting strong popular opinion behind the latter interpretation, but it is already evident that a national agreement can be achieved in this country behind the first interpretation.

The legislators who are dropping into town every few days also seem determined to adopt legislation preventing the draft of fathers. Even members of the military affairs committee, who work exceptionally close to the war department, are displaying a tendency to break with the Army authorities on this matter.

They say they will surely pass the Wheeler bill, postponing fatherly draft until January 1, 1944, the prospect, however, is by no means assured.

The administration very likely will turn on pressure to let the military leaders have their way. Mr. Byrnes followed this line in his speech.

If a strong display is made against the Wheeler bill, the current apparent majority in Congress for it conceivably could be reversed.

The Democrats seem rather thoroughly agreed that they want a late convention next year. They probably will go to Philadelphia, possibly as late as September. It is only a short trip from Washington, and most of the delegates will come from here.

The matter already is regarded as routine, with renomination of Mr. Roosevelt being certain. His running mate, all authorities suspect, will be Mr. Byrnes, who is now plainly being groomed for the task.

The Democrats all seem to figure their Republican opponent will be New York's Governor Dewey. A far flung and strong organization is being built up by Willie people, especially in New England and the middle west. He obviously intends to win some primaries and thus over-ride the almost unanimous opposition of the party leaders.

But Republican congressmen, fresh from home, agree his chance of obtaining the nomination is remote. He has lost most party support since his nomination in Philadelphia, and the nature of the additional following which he has been able to attract since then, is not Republican, but mostly leftish or Democratic and favorable to Mr. Roosevelt, as first choice.

From News of Other Years

TEN YEARS AGO

It was Wednesday, Aug. 23, 1933.

Marion marked the climax of a month of NRA activities with a gala celebration, highlighted by a parade and addresses by Congressman Brooks Fletcher and A. L. Raffa of Washington, D. C., national field coordinator for the NRA.

F. M. Sawyer, 54, Marysville insurance agent, was in a critical condition as a result of an automobile accident near Green Camp. Mrs. Sawyer was less seriously injured.

Marion was host to the thirty-seventh annual convention of the Ohio Association of Insurance Agents in sessions at Hotel Harding.

One man was wounded and another escaped capture when Union county authorities surprised two Marionites in the act of pilfering a junk yard near Broadway.

Edward B. Dressler, 69, an Erie railroad employee for 47 years died at his home at 494 South Vine street.

The Epworth softball team beat the Presbyterians 3-0, in the first game of the Little World Series. The batteries were Whiteum and Wolfe for the winners and Vestal and Conroy for the losers.

TWENTY YEARS AGO

It was Saturday, Aug. 23, 1923.

Scoutmaster C. O. Midam and members of troop 2 of Marion arrived home after 10 days in camp at Monocue on the Little Sandusky river.

It was announced the William R. Bossinger, superintendent of the Marion Steam Shovel Co. steel foundry, has invented and patented an ingot mold for producing flawless steel.

Miss Helen M. Boulton and Edward J. Schneider, both of Marion were united in marriage at the home of the bride on Girard avenue.

Mr. and Mrs. Aaron Barnhill entertained a company of friends at their home on South Grand avenue in observance of Mrs. Barnhill's birthday anniversary.

Mrs. Cecil Canterbury, 23, died at the home of her parents, Mr. and Mrs. Charles Felky in Prospect.

of the governor-general and a complete military establishment from barracks and parade ground to an artillery museum. Starting with Jacques Cartier who chose this sentinel rock as a fort site in 1535, Quebec's defenses have been developed in five different centuries and long sieges have been withstood so well by small forces that the Citadel has earned the name, "Gibraltar of America."

Beyond the Citadel to the west are the Plains of Abraham, where in 1759 Gen. Wolfe's epic clash with Gen. Montcalm reached its climax. Named for farmer Abraham Martin who herded his flocks there in Champlain's day, the "Plains" are again in the news as the site of a large airport heavily manned for defense against possible enemy air attack during the conference. The ground of actual fighting in the 1759 battle is now dotted with homes or is part of the National Battlefields park.

Loyal to the British crown and an integral part of the Dominion, Quebec's French-Canadians faithfully preserve the memory and customs of their ancestors. Shop signs and radio programs in Quebec are in both English and French. The Ursuline convent (1641), the Basilica (1647), the Church of Notre Dame (1688) and Laval university (1852) are monuments to France in America.

Quebec was long the capital as well as chief port of Canada under French and British rules. Port leadership moved to Montreal, the Dominion government to Ottawa, but water power in abundance brought growing industrial might to Quebec. It is a center of Canada's enormous pulp and paper empire. Steel, gunpowder, machinery and cutlery are among its manufactured contributions to the war.

Stork Is Expensive Bird

Average Cost of a Baby is \$300.

WHEN the stork comes to the family of moderate income, his visit costs on the average about \$300, according to the statisticians of the Metropolitan Life Insurance Co. The actual cost ranges from about \$200 to \$450, and includes expenditures for hospital service, physician, housekeeper, minimum layette and other necessary expenses, but varies in individual cases according to the services rendered, the area in which the birth occurs and other considerations.

In studying the cost of bringing babies into the world, the statisticians centered their attention upon families with income of about \$2,500 a year whose babies were born in hospitals. For, they point out, "in recent years hospitalized births have become more and more popular, and, currently, the overwhelming majority of expectant mothers who have access to all hospital avail themselves of its services, which range from ward service at about \$75 to private room service at \$150."

So popular has the hospital become in the United States, the statisticians say, that 90 per cent of the babies in cities of 100,000 or over are born in such institutions, while even in cities with from 10,000 to 25,000 inhabitants, hospital births comprise 80 per cent of the total. For the country as a whole, the proportion in 1941 was 61 per 100, so that, it is explained, in discussing the cost of being born in a hospital.

In explaining the various hospital services, the statisticians say: "The minimum cost plan provides maternity care in the hospital ward, the charge for which averages about \$75. This figure usually includes delivery and laboratory and delivery-room fees, as well as prenatal care in the clinic and postpartum examination at the end of six weeks. In addition to the hospital bill, there is the expense of about \$25 for the baby's layette and \$10 for incidentals, and the cost of a housekeeper's services immediately after the mother returns home. When hired help is obtainable, the average cost is about \$75. Thus the minimum cost of a hospitalized maternity in this income class would come to an average of \$153, and in many cases it will be nearer \$200."

For one reason or another, a number of women in the \$2,500 income class choose to use the private service. The minimum cost for this class of confinement is \$450, and it frequently runs considerably beyond this figure. But in the total this group is of minor numerical importance. By and large, it is reasonable to estimate that it costs the average woman of moderate means approximately \$300 to be delivered in a hospital."

Pointing out that for people of moderate means the cost of childbirth puts a considerable burden on the family exchequer, the statisticians say: "To spread this cost over a longer period, many doctors encourage patients to pay as they go during the period of prenatal care. Hospitals, too, encourage a down payment on registration, with frequent payments until the baby is due. Large numbers of people moreover, have enrolled in voluntary prepayment plans for hospital care which include provisions for maternity."

ALY HINTS NAZIS KEEP HER IN WAR

For Associated Press
Aug. 23—An open address by Adolf Hitler today that the war is being fought for the German people and the German government was the Italian press for the first time during the week.

A telegraph agency disseminated the Italian press for the first time during the week.

The Italian government had been seeking to keep the Italian press from becoming a factor in the gigantic battle between the Germans and the Anglo-Saxons threatening the Italian peninsula.

It was said, also, was the Italian press for the first time during the week.

The Italian government had been seeking to keep the Italian press from becoming a factor in the gigantic battle between the Germans and the Anglo-Saxons threatening the Italian peninsula.

LEGLESS FLIER, Lt. Col. Graham West of Portland, Ore., (above) a Spitfire group commander whose legs were blown off in Tunisia, has been fitted with artificial limbs and will fly again.

Russia's Transfer of Ambassadors Worth Examining

By DEWITT MACKENZIE
It would be easy to see a lot of mischievous hoozies to dancing by speculation over the mysterious replacement of Maxim Litvinoff as Soviet ambassador to the United States, but at the same time it would be a mistake to brush aside such an important development for fear of examining it.

The fact that the unexplained shift of Litvinoff has put in motion a storm of speculation not only in the United States but in Germany is in itself proof that the event has some peculiar significance.

This thought is supported by the circumstance of Litvinoff's transfer on the heels of similar action in respect to Ivan Maisky, Russian ambassador in London, who has been called back to Moscow without explanation. These two famous diplomats have been the ranking members of Russia's ambassadorial service.

Allied newspapers and observers, looking at the puzzle from every angle, have found the event disquieting. The Hitlerites, trying to squeeze as much juice out of the turnip as possible, have bragged about a row in the enemy camp.

Nazi Admission
At the same time the Nazis have made an admission which is worth our earnest consideration. That is that all the Big Three—the United States, Britain and Russia—remain hostile to Nazism.

There is no row in the allied camp, and the Russians are out to crush Hitlerism. However, the widespread speculation and uneasiness in Britain and this country would seem to point clearly the one thing: There is a lack of complete understanding between the Soviet Union and the western allies.

Observers generally seem to feel that one of the most likely explanations of the Russian move is that Moscow is taking this means of expressing resentment at the fact that the Anglo-American allies haven't yet opened up that second land-front in western Europe. The Reds have been calling persistently for this front for more than a year, and recently the demand has been reiterated frequently.

It's a fair guess that Premier Stalin has resorted to the "re-priming" of his star ambassadors partly as a rebuke to London and Washington. If this is so, it isn't just coincidence that these diplomatic changes come as the Roosevelt-Churchill conference is staged at Quebec.

Move in Background
It strikes me, however, that the thing cuts deeper than the second front. The war is rushing at express-train speed toward the moment when momentous political decisions will have to be made. New forms of government are to take the place of Fascism and Nazism. There will be a realignment of boundaries in Europe and likely in Africa. All the indications are that Russia is going to demand territorial readjustments.

This column on numerous occasions has pointed out the probability that the Soviet Union will emerge from this war as the dominant power in Europe, and maybe in the Far East as well. Daily she is emphasizing this likelihood by the power of her drive against the tremendous weight of the Hun armies.

Today Berlin admits the abandonment of Kharkov, one of the vital pivot bases in the southern wing of the great German battle line. Hitler's whole eastern front is threatened. The Reds are slopping towards Berlin.

That picture certainly calls for an understanding among the Big Three. It calls for a political as well as a military agreement. It calls for prompt action.

What more likely than that this is the main reason for Stalin's blunt gesture? He is asking for a tabling of the cards.

Carey Soldier Is Killed in Action

Special to The Star
CAREY, AUG. 23—Mrs. R. S. Carey, mother of the late soldier, today that her son, Sgt. John Black, had been killed in action in the Southwest Pacific area.

The telegram from the adjutant general in Washington, D. C., is as follows: "The Secretary of War desires that I tender my deep sympathy to you in the death of your son, Sgt. John Black. Report just received states that he was killed in action July 25 in the Southwest Pacific area. Letter follows."

Sgt. Black entered the Army Jan. 23, 1941 and was in an infantry division. He was born May 15, 1918, and attended Carey schools.

His mother, Mrs. R. S. Carey, survives, with his stepfather, Royal Greek of Carey, and the following sisters and brothers: Joseph Black of Marion, Amos at Marion, Mrs. Katherine Franks of Carey, and Mrs. Marjorie Duran of Carey. His father, Earl Black, died Jan. 8, 1927.

REPORT NEW ALLIED LANDINGS. While fleets of Allied bombers (solid arrows) blasted railway centers in the Naples area (circle), the axis-controlled station "Radio Liberation" said Allied landings had been near Cape Spartivento (x) in Italy and in Crete (b.) Associated Press Teletext Service.

Huber Honors Veteran Group

(Continued from Page 1)
completion of a 50 year period of employment with the company. She died two years later. When she retired she was 81 years of age. All told, she had been employed by the Huber Co. and other Marion business organizations for more than 61 years. Before joining the Huber Co. she was employed in a downtown business for 11 years, officials of the company recalled Saturday.

Informal Program
The brief program which followed Saturday's dinner was strictly informal with two or three conversations in process simultaneously at each table. While many different incidents were recalled by the veteran workers the most talked-about events were the costly fire in the plant's warehouse building in 1935, the weekly plant-sponsored excursions to Cedar Point which were discontinued more than 20 years ago and pay rates of 50 years ago.

One of the company's oldest employees recalled that the great fire "before the turn of the century" completely destroyed the old warehouse building and its contents. "It must have been in the summer or fall of 1895, I can't recall just exactly which," the veteran workman said, "but everything was destroyed." He said the company at that time produced steam engines and threshing machines mainly.

On display were a number of items relating to the history of the concern. Among the curios was part of a special "Industrial edition" of the June 15, 1895, edition of The Marion Star, a number of early pictures and a pay scale book. In the latter was recorded the pay rates of men employed by the firm one-half century ago. One of the 50 year veterans found out that he received as low as 10 cents and as high as 16 cents for an hour's work in 1894. "Why that was big pay," he told a Huber youngster who raised the question, "How did you raise a family?"

The account which appeared in the 1895 edition of The Star contained a history of the concern. It stated the company was the "largest and by far the most important of all the manufacturing institutions of this section and now occupies the foremost position among all the manufacturing concerns in the country engaged in turning out a similar line of goods, the article continued.

History Reviewed
It also reviewed the early history of the company, from its move in 1865 when Edward Huber moved from Indiana to Marion "to engage in the manufacture of a revolving rake" to the organization of the present company in 1875. At that time the firm was incorporated with a capital stock of \$75,000. By 1885 this figure had been increased to \$300,000.

"Employment is given to nearly 400 mechanics and laborers, representing an annual outlay of about \$200,000. Further than this, large sums of money are expended every year to farmers and saw mill men throughout the country for timber used in building their separators. The annual sales of the company now amount to over one million and a half dollars," the article states. It also said that in 1888 the board of directors decided to enlarge the factory and after much consultation chose to erect the present plant in a triangular plot of ground bordered on the south by what was then the "New York, Pennsylvania and Ohio and the Big Four railroads."

Mr. Barlow, who now is a member of the company's board of directors, in 1895 was treasurer. Other officers were Edward Huber, president; A. J. Brockert, vice president; and F. Duffin, secretary. Members of the board of directors in addition to these men were P. W. Huntington, George H. Kling and T. P. Wallace.

Afternoon Program
In the afternoon program at the park, all of the employees with five or more years of service with the company received service pins. Starting with S. E. Barlow, whose record of 62 years was longest, the men and women were called to the platform for presentation of their pins.

The program was opened by the singing of "America" and in invocation by Rev. Albert M. Hood of the Pilgrim Holiness church. After brief remarks by Mr. Howard, the presentation of pins was begun. The awards were given by Mr. Howard and A. W. Newby. Officers of the company were introduced, including two of the directors who were present, Carl F. LaMarche and Francis B. Huber.

Thad Kuenzli, personnel manager, was in charge of the day's activities, and following the presentations he conducted a series of contests for children and a contest for adults, in which the first prize winner was Charles Hough.

A four-inning softball game between shop girls and office girls was won by the shop group, 14 to 10, despite two home runs by Darlene Smith and Clara Williams of the office group. Faye Arnette pitched for the winning team, Virginia Crabtree and Catherine Jones for the losers.

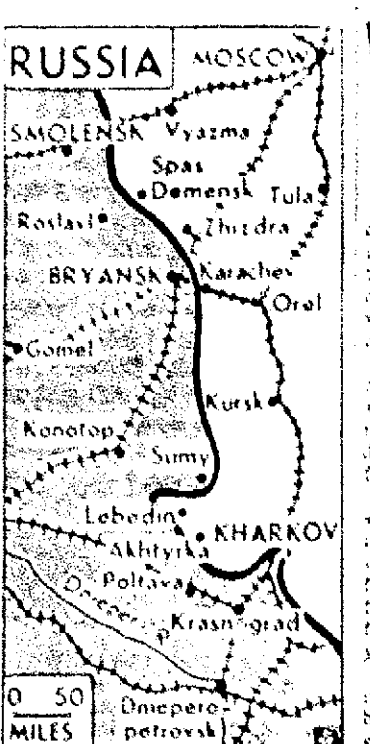

Sunday afternoon open house was held at the company's plant and a number of employees and former employees went on a tour of the various departments.

Union Co. Seaman Missing in Action

Special to The Star
RICHMOND, Aug. 23—Mr. and Mrs. John B. Seaman of this city were notified by the war department that their son, Albert Earl Seaman, first class in the Navy Reserve, is missing in action. While performing his duty in the service of his country.

The last letter received by the parents was dated July 17 but another letter was received by the young man's sweetheart bearing the date Aug. 1 and Mrs. Seaman said today.

Seaman's father has two brothers, Sgt. James Seaman of Columbus and Paul Seaman of Forest, and four sisters, Mrs. Maxine Seaman of Marysville, Juanita Seaman of Lexington, Ky., and Doris and Anna Lou at home.

REDS CLOSER. Moving between two and three miles closer to Kharkov, the Russians reported stiffening German resistance. Map details area where the Russians say the Germans have lost 1,000,000 killed and wounded since Nazis began advance offensive July 5. Shaded area is German held.

New Drug Used To Save Life of War Plant Aid

By The Associated Press
TOLEDO, O., Aug. 23—The much-dreaded new drug, penicillin, is being used as the life-line weapon in a fight for the life of Edward Walsh, 48, Detroit war plant executive, in St. Vincent's hospital here, it was revealed today. Walsh is an engineering executive of the Northrup-Lock Co.

After a week of long-distance telephone appeals to government sources which control penicillin, Dr. Louis A. Levinson, the attending physician, obtained a four-day supply of the drug yesterday and began treatments.

WINTER SHORTAGE OF MEAT PREDICTED

By The Associated Press
CHICAGO, Aug. 23—Unless the confidence of livestock producers in the future is restored the nation will face a serious shortage of beef this coming winter and spring, the livestock and meat council predicts.

Of major importance, the council said, is the threat to the supply of beef which will be created by the winter and spring slaughter of cattle and sheep. The council, composed of livestock producers and meat packing associations, said the shortage was developing because corn belt farmers were not purchasing sufficient young cattle for feeding on farms and marketing later this year and early next year.

Corn belt farmers, it is said, had reduced their buying of feeders because "uncertainty" created by government "regulations and orders" had made them unwilling to risk "suffering severe financial losses."

The council urged that the government immediately put into effect complete operation of the principles of the meat management plan recommended by the livestock and meat industry.

Illness Fatal To Child at Galion

Special to The Star
GALION, O., Aug. 23—Vaunda, 4, died last night after a long illness at the Galion City hospital. She was the daughter of Betty Wilcox Sharrock, and her parents, a sister, Colleen, and a brother, Merl Jr., survive. Funeral services will be held Wednesday at 2 p. m. at the Snyder funeral home. Friends may call Tuesday evening.

Rev. C. W. Roop of the United Methodist church will deliver the funeral and burial will be in the cemetery.

Fernando Lee Seif Stricken in Galion

Special to The Star
GALION, Aug. 23—A native of Galion, resident of Morrow county, Fernando Lee Seif, 76, died Sunday at City hospital. He had been critically ill for 10 days.

He was born Nov. 15, 1866, at Galion, in Morrow county, a son of Phillip and Rachael Seif.

Galion Patrolman Appointment Made

Special to The Star
GALION, O., Aug. 23—The appointment of George Cook to the Galion City police force was announced today by Mayor William Amann. The appointment became effective Aug. 23.

Mr. Cook, who is a brother of Frank Cook, retired chief of the force, resigned last Tuesday morning as councilman of the board.

ARTH-RIGHT for Arthritis

If you are suffering with aches and pains from this disabling disease, you too may get the prompt relief many others have enjoyed with ARTH-RIGHT.

ARTH-RIGHT contains necessary vitamins and minerals also other elements essential for restoring the body to good health. No harmful DRUGS or CHEMICALS are used. It is a combination of NATURAL ELEMENTS selected for this purpose.

SILAS A. RAUB IS TAKEN BY DEATH

Funeral Services To Be Held on Wednesday.

Silas Aultman Raub of 192 Pearl street died in City hospital this morning at 5 o'clock after an illness of two weeks. He had lived in Marion for 20 years, moving here from LaRue, where he was born April 25, 1876. His father, William L. Raub, was a native of Pennsylvania, and his mother, Jane Baldwin Raub, was born in Marion.

For 20 years he was an employee of the State Highway testing laboratory in Columbus. June 28, 1903 he was married to Carrie Waples in Marion. He attended the Presbyterian church and was a member of the Masonic lodge in LaRue.

His wife survives, and his children, Pvt. J. Aultman Raub of Forest street, now stationed at Jefferson Barracks, Mo., Mrs. James F. Shumaker of Rocky River, Robert F. Raub of New London, Conn., Mrs. Rodney S. Cox of New York City, a stepson, Ben T. Wiant of South Grand avenue, seven grandchildren, three sisters, Misses Susie and Ella Raub of LaRue, Mrs. Otis Wolgast of Marysville, and a brother, George Raub of LaRue.

Rev. H. L. Oewiler of the First Presbyterian church will have charge of funeral services Wednesday at Shaffner and Denzer funeral home. Burial will be in Marion cemetery. Friends may call at the funeral home after noon Tuesday until service time Wednesday.

Axis Lost 1,135,000 from Ethiopia to Fall of Messina

By The Associated Press
LONDON, Aug. 23—Axis losses of 160,000 men in Sicily brought the grand total of enemy troops killed, wounded and captured in the African-Mediterranean campaign from Ethiopia to Messina to 1,135,000, a recapitulation of British war office figures show.

The British lost 220,000 in the theater from the beginning of the action through the Sicilian campaign, including the 35,000 lost by the British First and Eighth armies in Tunisia. United States forces lost 18,558 in Tunisia.

These figures included British losses in Sicily but not American losses there and included no French losses.

(Gen. Sir Harold Alexander, commander of the 15th Army group, said at his Sicilian headquarters that allied casualties in Sicily were 11,825 for the British Eighth Army which included some Canadians) and 7,400 for the American Seventh Army (which included some French gnomes).

(These figures, however, did not total 25,000, which was the estimate of Sicilian losses announced previously by allied headquarters.)

LEWIS SPEARS RITES

Funeral services for Lewis R. Spears of 279 Pine avenue were conducted this morning in the Merle H. Hughes Mortuary on Mt. Vernon avenue by Rev. Ernest Finkenbinder of Emmanuel Baptist church. Burial was made in Forest Glen Memorial park. Mr. Spears died in his home Friday.

Christian Young People To Aid in Youth Program

The devotional meeting of the Christian Young People's union last night in Central Christian church was followed by a business session and special announcements.

The Salem Evangelical and Reformed group was in charge of the theme, "Pathways That Lead to God Through Art and Poetry," with the following taking part: Mrs. Charles Scheidler, prelude; Velma Hartman, Scripture; Virginia Howard, prayer; Marjorie and Mignon Orton, vocal duet; Ray Romine and Miss Charlotte Dutt, chalk drawing accompanied by reading.

Rev. E. M. Hertzler of First Church of the Brethren, president of the Marion County Council of Churches, presented information concerning a project of religious education for boys of the community who do not attend services in any church or Sunday school of the city, the project to be carried out with cooperation of the Marion Y. M. C. A. Members of the C. Y. P. U. voted to give financial aid to the program and the offering received at the Youth night program next Sunday in Trinity Baptist church will be used for that purpose. Announcement was made that an original play, written by Geneva Albert, will be the feature of the Youth night program.

A nominating committee appointed to select C. Y. P. U. officers for next year include Carl Whitsett, Florence Zachman, Kenneth McKee and Miss Margaret Huffman.

Huber Names Committee ON SWIM POOL PROPOSAL

Shovel Co. Workers' Group to Meet with Recreation Commission.

A committee to sit with the Marion Recreation Commission, which will meet tonight at Hotel Harding to study a proposal for construction of a swimming pool at one of the city parks, was named when Local 1494, U. M. W., of the Marion Steam Shovel Co. met at its hall at 183 1/2 East Center street yesterday.

Named to the committee were Howard Rizer, president of the union, Herbert Wade, William Benson, Orval Lovien, Harold Townsend, Henry Ruhl and Carl Lehner.

Willard Benson was appointed to take the place of Earl Fleming on the industrial council.

Herbert Wade gave a report on plans for the Labor Day program at Lincoln park and urged members to attend. Ed Schwelburt gave a report on the day nursery.

Fred Osborne, Ted Lemley and C. Smith were named new members of the safety committee. Ross Rolter was appointed to take the place of the late William McFarland on the safety committee.

Ted Jackson was installed as a trustee for three years. Eugene Eld was selected by department 98 to serve on the grievance committee, and Oscar Lowry was named by department 99 to serve on that committee.

Husband Is Missing, but Flowers Keep Coming

By The Associated Press
SPRINGFIELD, Ill., Aug. 23—Mrs. Louise Cole of Athens, Ill., gave birth to a daughter at St. Johns hospital here 10 days ago—the day after her husband failed to return from a bombing mission over Germany, but every morning since then she has awakened to find at her bedside a bouquet of roses and a note from the missing flier.

Mrs. Clifford Elbert Cole plotted a bomber in a raid over Weimar, Germany on Aug. 12, but he never returned from the mission, the war department notified the major's wife.

Before going on the raid, however, Major Cole wrote separate messages and 10 cards and mailed them to a friend, Alvin Davis of Springfield. Davis each day selected one of the cards and sent it to Mrs. Cole.

QUEBEC

(Continued from Page 1)
three to four times the number of bombers recently in eastern China.

4. If the war is to be brought to bear on Japan itself, the most vulnerable to attacks from the west, where heavy bombers can make the ground trip from China.

5. The blasting of Japanese shipping out of the China sea would soften the enemy's resistance all around her defense perimeter and help cripple war industries at home.

6. Secretary of the Navy Knox, whose main interest is in the Pacific war theater, where Navy men for the most part are in command, arrives today on the same ship as the conference.

7. Secretary of War Stimson, who has been brought to Quebec for a purpose, and obviously he would not have been invited to participate in discussions with Mr. Roosevelt and Churchill on the next to the last day of the conference if they merely had had news for him or if any far-reaching decisions on the conduct of the war in the Pacific remained on the agenda.

Conference business had been cleared away to the point where 250 of the participants, including at least some chiefs of staff, took a 24-hour boat trip on the St. Lawrence and Saguenay rivers, returning here last night.

Governor To Leave By Air on Fishing Trip

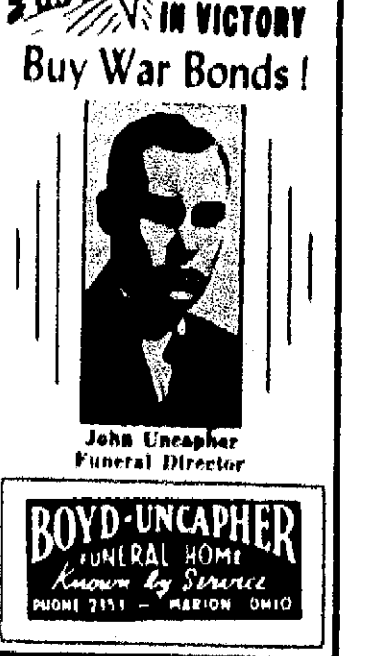

By The Associated Press
COLUMBUS, O., Aug. 23—Gov. Bricker and his party will leave by plane tomorrow for that already-announced Wyoming fishing trip, his office said today.

With him will be his son, Jack, Secretary Don Power, and Sam Keener, Salem industrialist. The trip will be made in Keener's private plane, which will fly direct to Spearfish, S. D.

There the party will be met by Nels Smith, former Wyoming governor and a state Republican leader who, with Keener, owns a ranch just across the line in Wyoming.

Joining the Bricker party at the ranch, Power said today, will be Alfred Landon of Kansas, 1938 Republican presidential nominee; Gov. Griswold of Nebraska, Gov. Vivian of Colorado, and "some others."

Time of Sending Mail to Prisoners Moved To Aug. 27

Persons planning to send parcels to officially reported prisoners of war and civilian internees held in the Far East must have their packages in New York by midnight, Aug. 27, instead of Sept. 15 as formerly announced, a telegram received from the office of the director of home service, American Red Cross by the local Red Cross office states.

The date has been advanced because of the advanced mailing of the Gripsholm upon which the packages will be sent, the telegram states. This change affects only parcels receiving labels from the office of the postmaster.

Christmas packages for overseas personnel of Navy, Marine Corps and Coast Guard should be mailed between Sept. 15 and Oct. 15, while packages to American soldiers overseas should be mailed between Sept. 15 and Oct. 15, it will not be necessary for the mailer to present either a request from the soldier or the envelope bearing an APO cancellation at the time of mailing. The Navy department states that for their personnel the term "overseas" will mean those men who receive their mail through a Fleet postoffice at San Francisco, New York or Seattle.

The following general requirements are effective in mailing Christmas packages to men overseas in all branches of service: Christmas parcels shall not exceed five pounds in weight, 15 inches in length or 36 inches in length and girth combined; not more than one package can be mailed in any one week from or on behalf of the same sender for the same addressee; all articles should be packed in metal, wooden, solid fiberboard, strong double corrugated fiberboard or strong fully telescoping cardboard boxes; fiberboard or cardboard boxes must be securely wrapped in strong paper and tied with twine; Christmas packages should be marked "Christmas gift package" or "Christmas parcel"; parcels must not include weapons, perishable articles, intoxicants, poisons, inflammable articles such as matches or lighter fluid; senders are discouraged in mailing of fragile articles, food or clothing.

Wires are employed in Telefax transmission.

He said such transmission offered the greatest possibility of all for "economy, dependability and capacity."

"The writing on the wall tells that the bulk of the overseas communication wires are crossing this continent and destined to come down," he said.

In the meantime, D'Hunny predicted further development of "Telefax" as soon as Western Union "is placed in position to plan its future policy."

He said Telefax offered unlimited possibilities as a telegraph medium, and described it as a system "whereby you just place a message in a receptacle of some kind, or on a cylinder—it may be a drawing or any kind of holography—and it is sent automatically, and it is received at the distant end in exact facsimile of the original copy."

He likened the system, already in operation on a limited basis, to television. When a substantial volume of business is developed, he predicted, the rates would be substantially lower than present methods permit.

Fostoria Blasts Tiffin Team, 2-0

Screw Works Outfit Wins Place in State Tourney by Victory Here.

The big bats of the Fostoria Screw Works outfit, from the batting order, opened up with a 2-0 victory over the Tiffin team in the first round of the state tournament yesterday afternoon in a game of the district softball tournament. Some 600 people, the best crowd of the tournament, watched the game.

Tiffin qualified for the final game with a 1-0 victory over the Canton All-Stars in a semi-final after Saturday afternoon. Fostoria defeated Universal Coolers in the first semi-final game Thursday night, 4 to 0.

Ken Altman, Tiffin hurler, who handled the All-Stars with ease Saturday, was bested by Bud Keller, Fostoria pitcher, in the title game.

By capturing district honors, the Fostoria team, also district champs in 1941, has won the right to represent district 12 in the state softball championship finals at Columbus Friday night. The Screw Works have been scheduled to meet the winner of the Zanesville district tourney at 6 p. m. Friday in the state final.

Yesterday was a doubly joyous day for Fostoria for the first time in the personal series with the Tiffin outfit. Before yesterday's game, the two teams had split even in four engagements.

For the first two innings, the two northern Ohio rivals were stymied as far as scoring runs went. Then in the first half of the third, the dynamic fuse in the Fostoria bats was ignited and the Screw Works sticks exploded for their two runs. After Bill Gachman opened the eventful stanza with a single, Tony Lucchello, brother of Johnny, former major leaguer, executed a sacrifice hit, which snapped off a perfect shortstop. George Rider, fleet Fostoria shortstop, was then whiffed for the second of three times by Altman. However, E. Geo. Screw Works' sharpest bingle, a double into right center to score Gachman from second. Gee, after reaching third on a passed ball by Homer Tolson, Tiffin catcher, pranced home when shortstop Agterger booted the ball on the first of two occasions yesterday.

Tiffin could not advance a man past second until the last of the seventh when third baseman Schleber reached the three-quarter post after walking and scooting to third on a passed ball. However, he was nailed for the final out of the game from catcher Feltman to third baseman Kinshaw.

Keller fanned eight batters while the aging Altman struck out six Fostorians. It was Keller's third win of the tourney and Altman's initial loss. Keller was on the mound for all of the Fostoria victories which included wins over General Excavator, Universal Coolers and Tiffin. Altman, in addition to Fostoria and Galion, shellacked Coca-Cola.

Altman's no-hitter against the All-Stars Saturday was without doubt the most sterling pitching performance of the tournament. Only one Galion runner was able to get any farther than first base. He was Smith, who after (Turn to FOSTORIA, Page 13)

23 HOME RUNS HIT Galion Coach Fighting To Retain Spring Grid Practice IN MAJOR LEAGUE CONTESTS SUNDAY

Two Are with Bases Loaded, Rudy York Gets His 26th of Season.

By TED MEIER Associated Press Sports Writer

It was a home run day in the major leagues. A total of 23 roundtrippers, including two with the bases loaded, were hit in the night of Sunday's doubleheader.

The Reds opened up the first game, winning 4-3 by dint of brilliant relief pitching by Clyde Shoun and three fast double plays by Cincinnati's crackback infield.

The second contest turned out to be a debacle and when the six Philly pitchers coasted losing and ducking, the scoreboard was 29-6, in favor of the Reds.

Twenty-two hits, good for a total of 37 bases were racked up by Deacon McKee's athletes during the two hours and 18 minutes, the Reds hit six doubles, three triples and a homer. But it was accounted for three of the doubles and Eric Tipton authored the home run.

The Reds opened upon Rankin Ray Conger in the second inning and by the time the Phillys made three outs, six runs had crossed the plate. They added single runs in the third and fourth and then smashed out seven runners in the fifth. Five more runs in the seventh finished the Reds' scoring for the day.

Ray Starr, who worked 14 innings the last time he went against the Phils, gave way to Joe Beggs, when the Phils rose up in the fourth inning and scored four runs. Beggs was credited with the victory.

The Reds play their final game in the east this season Tuesday night against the Phils.

SECOND PLACE AA CLUBS HAVE BIG DAY

By The Associated Press

It was a day of big innings for the American Association's second division clubs yesterday. Minneapolis exploded a 12-run inning tops for the 1943 season; Kansas City blasted away for eight and Toledo got a cluster of six.

Minneapolis' league leading Brewers finally overcame the Mud Hen lead with 21 hits strung over 10 innings to win 8-7. Toledo moved into fourth place ahead of Louisville by winning the second game 7-1.

A homer by Bobby Dill with the bases loaded and another by Jimmy Pothall with two on featured the Minneapolis 12-run inning that brought a 17-5 victory over Indianapolis. The Hoosiers won the opener 6-5.

At Kansas City, the Blues lost to Columbus 5-3 but their eight run second inning gave them the second game easily 11-1.

St. Paul walked off with the only sweep of the day by defeating Louisville, 2-1 and 5-0.

No games were scheduled for today.

Bucyrus Trap Shooters To Leave for Vandalia

BUCYRUS, Aug. 23 — Seven Bucyrus trap shooters will leave Tuesday or early Wednesday morning for Vandalia and the 44th annual Grand American trap shooting classic which will continue through Friday.

In the Bucyrus group will be W. A. Smith, W. Kranich, J. Herscher, E. F. Smith, E. C. Cole, L. E. Spiece and F. W. Clements.

SHIP LAUNCHED
CLEVELAND, Aug. 23 — The 303-foot frigate U.S.S. Gulfport was launched at the American Ship Building Co. yards yesterday.

By FRITZ HOWELL Associated Press Sports Writer

COLUMBUS, O., Aug. 23—It looks as if the proposed abandonment of spring football practice for Ohio high schools to be voted on Sept. 7 by the scholastic principals might run into a bit of opposition.

At the spring clinic session of the Ohio High School Football Coaches' association, the members pulled up a three-to-one vote in favor of outlawing spring work-outs for the duration and then recommended the state high school athletic association to put the matter up to the final authorities, the principals.

Charles (Chuck) McClain, Bridgeport High coach, says the resolution was railroaded through the meeting of coaches, but Coach Jim Robinson of Canton, Lehman, its sponsor and former prey of the association, denied this.

Two more of the state's top-flight mentors hopped into the trap today, each favoring continuance of the spring sessions—and each asking that coaches urge their principals to vote that way in the Sept. 7 balloting.

The newcomers are Jim Lympert of Galion, and Elwood Kammer of Massillon's mighty Tigers. Each stressed the value of spring workouts as conditioners for youngsters who may get into the war before the football season starts; the need for the added training due to the squads being made up of new boys; the inability to start early in the fall because so many squad members will hang on the defense job until the last possible minute; and the civic interest aroused by the early sessions.

"Spiv" Harris, sports editor of the Mt. Vernon News, wants everyone to know the high school "jackets" of his home town face a pretty tough football campaign.

"There's only one soft spot on the schedule," Harris orates, "and that comes on Oct. 15—an open date."

The Jackets tangle with Wooster.

TRIBE WINS TWIN
BILL FROM BOSTON

By The Associated Press
CLEVELAND, Aug. 23—A
four-day program of double-
headers between the Cleveland
Indians and the Boston Red Sox
got under way in the municipal
stadium yesterday, with the teams
playing a total of 20 innings in
municipal stadium.

The Tribe won both games, 6-0
and 7-0.

The two clubs move to League
park for a twin bill today, and
back to the Municipal stadium for
a single game Wednesday. A
League game Thursday ends the
series.

Jack Salomon won the first
game yesterday with two-hit
pitching, supported by a 10-hit
batting by Tribe men.

Mike Nymkewicz seemed on the
road to an even better per-
formance in the afternoon, when
he held the easterners hitless un-
til the sixth inning. His control
was in the seventh, however,
and he was replaced by Joe
Heving.

The Indians headed into the
eighth with a 6-2 margin, but the
Red Sox mounted the count with
a five-run uprising.

Leon Culberson started the at-
tack with a double, Tony Lupien
and Bobby Doerr singled, and
Pete Fox clasped a triple that sent
Heving to the showers. Vernon
Kennedy came to work, but before
he could end the inning Jim Fa-
bor doubled and Manager Joe
Cronin pinch singled, tying the
score.

Kennedy and Joe Dobson then
pitched effective ball until the
13th, when Gene Desautels walked
and went to third on Kennedy's
single. Allie Reynolds went into
run for Desautels and scored on
a long single by Oris Hockett.

Leon Culberson started the at-
tack with a double, Tony Lupien
and Bobby Doerr singled, and
Pete Fox clasped a triple that sent
Heving to the showers. Vernon
Kennedy came to work, but before
he could end the inning Jim Fa-
bor doubled and Manager Joe

County Tournament
Qualifying Scores
at Country Club

Here, with a three-
over-par 70, turned in his mark
among the 10 county golf tour-
nament qualifying scores posted
at the Marion County club. R. C.
Ledy won't be up second with an 81
afternoon round. These re-
sults were reported by Country
Club officials today.

Other county qualifying scores
at the Country Club since
qualifying began over two weeks
ago include Harry Ramey, and
Judge H. S. Young with 91's, Bill
Limer with 82, William Lutz with
81, and J. H. Baerlin and Jim
Madden with 87's.

Announcement of the Mar-
O-Del county qualifying scores
is expected to be made later.

Harold Henry, chairman of the
county golf committee, estimates
that between 20 and 30 unknown
entered the county event.

First round pairings will be
drawn within the next two days,
Henry said. The tournament en-
tries, in addition to their qual-
ifying rounds, are also entitled to
a practice round at either the
Country club or Mar-O-Del. All
matches will be played at the
Mar-O-Del public links.

EMPHASIZES NEED
OF SPIRITUAL LIFE

Rev. Henry Maag Is Speaker
at Union Service.

Man's need for a deeper spiri-
tual life was the thought of the
sermon presented by Rev. Henry
Maag of Prospect Street Meth-
odist church in the union service
in Central Christian church Sun-
day night.

Rev. Garrison Roehuck of First
United Brethren church read the
Scripture and offered prayer; Rev.
Eldred Johnston host pastor, pre-
sided and the church choir sang,
accompanied by Miss Catherine
Thompson at the organ.

"The High Calling of God" was
the sermon subject, with the text
taken from the third chapter of
the Book of Philippians, verse
14, "I press toward the mark for
the prize of high calling of God in
Christ Jesus."

The sermon included the fol-
lowing thoughts: "To be called
of God in Christ Jesus is the
greatest honor heaven can bestow
upon a sinful man."

"When this call came to Paul,
he had the world at his feet. He
possessed the natural qualifica-
tions of leadership. He was the
rising hope of the Pharisee party
and highly respected by the Jews.
But the high calling of God in
Christ Jesus and his loyalty to
this heavenly call stripped him of
wealth, fame and power. He be-
came an outcast amongst his peo-
ple, shamefully treated and per-
secuted. Paul never regretted the
call, for it brought him blessings
that made the things he had lost
seem insignificant. No one ever
regrets listening to the call of
God, for it is a call to strength
and joy and eternal life."

"Paul had risen to glorious
heights of character and service,
but behind every peak of attain-
ment there was a loftier peak
still, he had not yet attained
The man who has risen highest
knows that there are unscalable
heights still towering above him.
And so the Christian life is per-
petual growth and progress. For
the man who makes Christ his
ideal there is no end to learning
and no end to growing. We are
only as we grow. We live only as
we aspire and press on. When we
become careless and indifferent,
we cease to live, we only exist."

"It is vitally necessary to have
an ideal, a goal towards which we
can press. That is of supreme im-
portance today. Today we have
come to the end of an age, we
must move into a deeper spiritual
life. Great world tasks demand
spiritual men. Christ summons
us today to deeper devotion, more
consecrated labor, more sacri-
ficial toil."

VICTORY HOUSE BOND
Sales \$1,856 for Week

Bonds and stamps sold from
the Victory House last week
totalled \$1,856.25 and \$166.65 re-
spectively, according to a report
today by Miss Maud Gorham,
chairman of the women's division
of the Marion County War Fi-
nance committee. Bonds sold the
previous week totalled \$432.50
and stamp sales were \$117.25.

Daily sales were as follows:
Monday, bonds, \$412.50; stamps,
\$39.15; Tuesday, bonds, \$412.50;
stamps, \$18.95; Wednesday, bonds,
\$431.25; Thursday, bonds, \$262.50,
stamps, \$44.20; Friday, \$75,
stamps, \$20.10; Saturday, bonds,
\$262.50, stamps, \$44.25.

CENTRAL CHRISTIAN
GATHERING HELD

Columbus Minister Is Guest
Speaker at Retreat.

A planning retreat for the year's
work was held by members of
Central Christian church Sunday
in the rural St. John's Evangelical
and Reformed church east of
Marion and Rev. Frank Helme of
the West Fourth Avenue Chris-
tian church, Columbus was guest
speaker following meeting of com-
mittees.

Rev. Helme spoke on the em-
phasis the church should be given
in the midst of the war crisis.
He stressed the need to adjust
church programs to take care of
new industrial situations in de-
fense communities and a need
for planning the church's pro-
gram so as to assure a vital re-
sponse to men coming back from
overseas.

Committees set goals for the
year's work and planned pro-
grams by which goals may be
reached. Rev. Eldred Johnston,
pastor of Central church, ex-
plained the purpose of the re-
treat at the opening of the ses-
sion. Chairmen of committees
are Ollie Schneider, worship; J.
T. Bartz, property; Elmer Wei-
mer, education; Lawrence Saker,
membership; Emmett Hollands,
music; Paul Frye, finance.

FUR STORE TO BE OPENED
ON WEST CENTER STREET

Harry Lurye To Operate New
Marion Business.

Opening of Lurye Furs at 199
West Center street Thursday
is being announced today by Harry
Lurye, owner and manager of the
shop. The shop will handle cus-
tom made and ready-to-wear fur
coats and in addition will re-
model and design coats as well
as operate a fur-cleaning plant.

Prior to coming to Marion Mr.
Lurye was associated with one of
the largest manufacturing fur-
riers in Indiana, as a designer,
stylist and manager of the fur
factory, and has been in business
for more than 22 years.

Mrs. Lurye and their three-
year-old daughter will join Mr.
Lurye here this week.

Show Sponsored By
Marion Legion Post

Members of Bird-McGinnis Post
No. 162, American Legion will
sponsor appearance of the "one
County Jamboree here on Satur-
day, Aug. 28. It was announced
today. Proceeds of the show, which
will be at 8 p. m. at Harding
stadium, will be used by the spon-
sors to carry on their philan-
thropic work such as contributing
to the canteen for service men and
other civic activities.

The Jamboree is featured on the
WLW broadcast and performers
include Hank Penny, Curly Fox
and Texas Ruby, the Happy Val-
ley Girls trio, Bradley Kincaid
and other entertainers.

Ashley Team Wins
Hardin County Pull

KENTON, O., Aug. 23—A team
of horses owned by Nichols and
Mitchell of Ashley, O., won first
place in the team-pulling contest
at the Hardin county fair bureau
picnic, by dragging 6,480 pounds
the required 27½ feet. Eldred
Scott of Alker had the second
place team; Raymond Corwin of
West Liberty, third; C. J. Rayle
of Deshler, fourth; and Wood and
Moore of Ada, fifth. There were
12 competing teams.

KENTON—Harold LaWarre, 21,
is hospitalized at an Army base
somewhere in the South Pacific,
presumably from wounds suffer-
ed after six days of action against
the enemy at Munda, his parents,
Mr. and Mrs. George LaWarre of
Kenton, were advised in a letter
from him. The young man said
he was getting along fine. He
has been in the hospital since July
25th, he wrote.

CO. H MEN TO RECEIVE
NEW TRAINING SCHEDULE

Copies to be Distributed Tonight
at Armory.

Monographed copies of the
new training schedule for Co. H
will be ready to non-commun-
icated officers and specialists at
regular school tonight at the
Armory. Capt. E. J. Armstrong
today. The program will be dis-
tributed in detail tonight but the
plan itself will not be accepted un-
til the first drill in September.

The grade technique of train-
ing has changed, including a
switch from individual to group
teaching in the drill room. The
new type of training was an-
nounced at a school of the bat-
talion officers held last week at
Marietta and is adopted for the
purpose of speeding up the train-
ing program to accommodate the
members of the guard who are
faced to leave the unit before
the training under the previous
schedule could have been com-
pleted.

All members of the company
are urged to attend the school to-
night to learn of the new meth-
ods and formations.

BOY SCOUT COURT
SET FOR TONIGHT

Awards To Be Made at Ses-
sion of Troop 15.

Boy Scout Troop 15 of the
Emanuel Lutheran church will
hold its annual court of honor and
troop charter ceremony at the
church tonight. A potluck supper
at 6:30 for all Scouts and guests
will open the program.

Included in the program of honor
will be Eagle and Scout awards,
advancements in rank of sev-
eral Scouts, and a camp fire
ceremony on the church lawn.
Vernon Orth, who served as water-
front director at Camp John A.
Owens this summer, will receive
the Eagle Scouts award from
R. R. Peters of Bucyrus, president
of the Harding area council.

Major Jones of the Marion
Army Engineer Depot corps will
be guest speaker.

Troop 15, which recently ap-
plied for a renewal of its charter
for another year, will formally re-
ceive the charter from George
Flatman, Marion district Scout
commissioner, William Silberman,
Troop 15 Scoutmaster, will ac-
cept it.

Budget Hearing To Be
Held at Council Meeting

The city budget, outlining the
estimated financial needs and
estimated receipts for various de-
partments of the municipal gov-
ernment in 1944, will come before
a council for a public hearing and
approval tonight. The public
meeting will follow a preliminary
caucus in the mayor's office at
7:30.

Morrow County Man
Injured in Accident

Lloyd Smith of near Cardington
was knocked off a running board
of a car driven by Franklin J.
Ingram of 460 East Mark street
when the auto grazed a telephone
pole on Bennett street at 12:41
this morning. He suffered several
cracked ribs and an injured col-
lar bone.

PROPOSES REWARD
FOR PLANT OUTPUT

By The Associated Press
WASHINGTON, Aug. 23—
Senator Dewey and the production of
plants, initiative and industry
in the regulation of war pro-
duction through night pricing
instead of "bottle pricing" was
proposed today by Rep. Dewey
(R-N.Y.), member of the House
ways and means committee.

Dewey, who was assistant sec-
retary of the treasury in the
Roosevelt administration, gave this
statement after writing the house
naval committee proposing propo-
sals that contract negotiations
between the post war trans-
portation of industry
be suggested government guar-
antee on loans by local banks to
local industries as "the most prac-
tical solution to the reconstruction
problem."

In his letter Dewey proposed
also a revision of the federal tax
statutes to encourage investment
of "bank capital" as a means of
expanding industrial operations
when the war ends.

"Risk capital" is to be in-
duced to resume its historic place
in American industrial develop-
ment," he wrote. "Our tax law
should be so amended as to of-
fer an incentive for people to risk
investment in new and uncertain
undertakings."

RITES AT KENTON

KENTON, O., Aug. 23—Brief
rites were held Saturday after-
noon at the grave in Grove com-
mentary for John Clements, former
Kenton resident who died Thurs-
day in his home at Richmond, Ill.

Pitfalls of Love

By ADELE GARRISON

MY FATHER needed, with a smile at my obvious chagrin, "Remember, is clever with that photograph of you as that charming, I may need it to refresh the memory of Ruth Hayes this afternoon. Did you?"

Dicky answered his question before he could finish it.

"I left the negative to be developed—a rush job—on my way over here. It will be ready in an hour."

Two Good Jobs

"Good!" my father approved. Then he turned over to my cousin where Katharine was making me pallid with powder artistically rubbed into my skin, and putting lines under my eyes. "And a good job here, Katharine," he added. "Miller may well believe you have been in exactly this position all the morning."

"Remember to speak a bit faintly, as if you had been exhausted by pain," Katharine said as she stepped back, and inspected me from the angle at which Miller in all probability would view me. Then she adjusted my pillow, drew a brightly covered afghan over me, and put a covered glass of water on the stand by my couch.

"There!" she said. "The stage is set. But," she added, "I think I should be the only other Thespian on it, besides Madge."

Daily Pattern For Home Use

By ANNE ADAMS

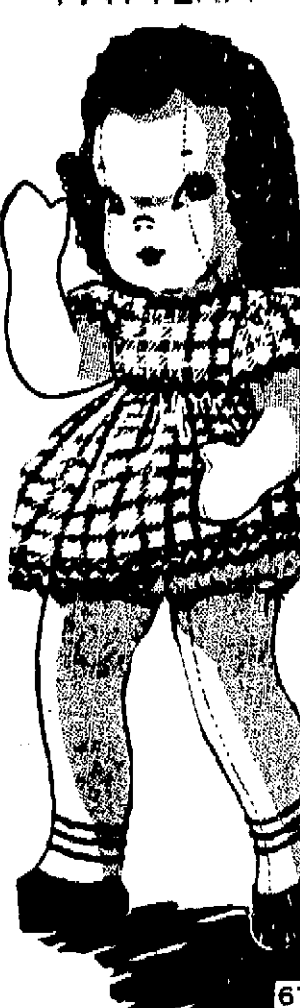

Smart, slender and trim, this frock for the Junior Miss. Pattern 4481 makes up beautifully in wool, rayon or velveteen. Choose an attractive button, and the simplicity of style becomes the smartest of dresses. A contrast collar may be used.

Pattern 4481 is available in Junior Miss sizes 10, 11, 12, 13, 14, 15, 16, 17, and 18. Size 13 takes 3 1/2 yards 36-inch fabric.

Send sixteen cents in coins for this pattern. Write plainly: size, name, address, style number. Just out! New Fall and Winter Pattern Book. Send ten cents extra. Free gloves and bag pattern printed in book.

Send your order to The Marion Star, 100 Pattern Department, 215 West 17th St., New York, 11, N. Y.

NEEDLEWORK PATTERN

That little girl will especially love this outfit—its arms and legs are made of like those of a teddy bear. Three pieces form head and body; the arms and legs are each made from two pieces. No trouble to make! Pattern 671 contains pattern and directions for doll and clothes; list of materials required.

Send eleven cents in coins for this pattern to The Marion Star, Needlecraft Dept., 85 Eighth Avenue, New York, 11, N. Y. Write plainly: pattern number, your name and address.

YOUR HEALTH

By LOGAN CLENDENING, M. D.

Decay in Teeth

The family dentist of a generation ago was perfectly certain that a decayed tooth was caused by the presence of germs only a small defect in the enamel of the tooth. A generation ago the dentist was just as the full flush of the new science of bacteriology was being developed, and a whole host of explanations for the cause of decay—germs were the offenders and all you had to do was to search diligently enough and the culprit would be revealed.

Germs explained everything, and the dental profession, which has a ways toward an equal partnership with the medical profession in front of dentistry, shared the enthusiasm of those great days of the new science. And since they were able to culture germs from the cavities of all decayed teeth, the germ explanation was a perfectly natural one.

But as time went on and the new science of bacteriology began to strain a little at the seams, people asked some questions that it was not quite capable of answering.

Causes of Soft Teeth

Germs caused dental caries all right, but why, for instance, did the Jones family have so much of it and the Smith family right next door have none? Both are exposed to germs. Even more peculiar, why does a dentist in one little town see caries in nearly all his patients and the dentist in a neighboring town, a man who is particularly equally as alert as his colleague, hardly ever see it at all?

This is to raise the old phrase about the seed and the soil. Some teeth are hard and resistant to infection and others make fertile ground.

The answer that has been receiving more and more universal acclaim is that the food and nutrition of the individual make his teeth hard and resistant. I have before me the statement from a leading exponent of dentistry who says: "Cases of dental decay can be prevented and arrested by dietary measures alone." And another goes so far as to say that he can go into a dental clinic and tell the condition of the dairy herds in that community simply by examining the children's teeth.

Diet and Teeth

Milk that has a good content of calcium and phosphorus, for these chemicals are the basis of tooth structure; a country where there are many days of sunshine so that the children can have sunbath and store up a good supply of vitamin D; plenty of orange juice or lemonade or limeade to give them vitamin C; vegetables which supply the B vitamin group, such as beans and peas, whole wheat bread, cream cheese, butter, eggs—all these supplied in the daily food menus assure a populace with strong teeth.

Not only is tooth health or caries a sign of the up-to-dateness of the dairy and farming activity of a community, but the teeth are so this extent an extremely good index to the general health of the individual. A professor in a dental college showed me an astonishing case the other day—a child who was sent to the dental clinic by an orthopedic surgeon because she kept having broken bones so often, he wanted the dentist to correct her diet.

QUESTIONS AND ANSWERS

D. R.—What is a varicocele? And is it curable?

Answer: A varicocele is a group of varicose veins in the scrotum. It is readily cured by surgery.

C. J. E.—Should a person inclined to have high blood pressure do heavy work and vigorous exercises? Would losing weight bring blood pressure down to normal?

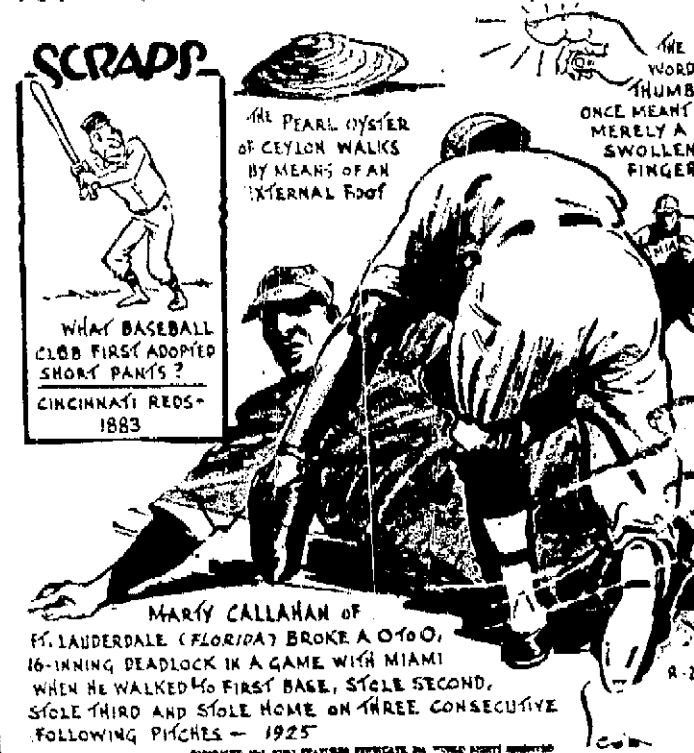

Answer: It seems to me common sense answers the first part of the question—"No." Work and exercise increase the blood pressure. You can blow the head off any machine by raising the pressure high enough. Reducing weight helps the general condition, but does not materially affect the pressure itself.

WRITES FROM HOSPITAL

KENTON—Sgt. Barney Clawson, Kenton, is in an Army base hospital somewhere in the Southwest Pacific, presumably recovering from wounds received in action against the Japs at Munda. Writing home last week, the young man said his "darkest days are over" and "I am getting along fine." He said he could not tell relatives what was the matter with him.
